100 BARRELS OF OIL PER DAY

BIG WELL COMES IN ON LEASE PROMOTED BY F. H. YATES.

A large oil well was drilled in last Friday on a lease obtained in the Irvine field by F. H. Yates about three months ago. The well is generally estimated by oil men to be good for 100 barrels per day. The lowest estimate by those who know the field is fifty barrels. A tank was placed on the location Wednesday and the well was to have been pumped yesterday for the first test. We have not learned the result.

Mr. Yates and his associates are to be congratulated upon their lucky strike. The next well will be started on the same tract within a few days, and this will be followed by others as rapidly as possible. Five or six wells will be drilled on the tract. The depth of these wells is between 700 and 800 feet.

Mr. Yates procured this lease in the midst of the developed territory and there was never much doubt about getting good wells.

The Irvine field is now producing more oil than any other field east of the Mississippi river. It is the largest and most productive shallow field ever discovered in the United States. Kentucky is no longer known as a barren or unprofitable oil field.

REV. DARLINGTON MOVES TO BARBOURSVILLE.

Dr. U. V. W. Darlington, president of Morris Harvey College, has taken up residence at Barbourville. He formerly lived at Huntington. Dr. Darlington is much pleased with the outlook for Morris Harvey, where extensive preparations are being made for the school year which opens September 18th. He will continue his activities as financial agent until the middle of August.

A SLUMBER (?) PARTY

Miss Margaret Lou Chaffin was the charming hostess on Monday night of this week at her home on Lady Washington street, to a number of Louisville girls. In the early evening several young ladies and young men gathered there and spent a delightful few hours, the girls of the party remaining for what they called a "slumber" party but what has been more properly named by neighbors and by members of the household in which it is held, a "slumberless" party. Of the twelve invited only two were deprived of the enjoyment of the affair, Miss Helen Vinson and Miss Lucille Clay, who were out of town. A midnight lunch was served, and this was one of the most enjoyable features of the happy occasion. The guests were: Misses Rachel Johnson, Vivian Hays, Kizzie Burns, Elizabeth Conley, Grace Sammons, Dixie Byington, Sue Bromley, Agnes Abbott, Kathleen Lackey and Jennie Bromley.

UNDER ARREST FOR DESERTION.

Ashland Independent says: Newt Fannin, of Paintsville, who was arrested in West Virginia on a charge of desertion from Co. K, of the Second Regiment, Kentucky National Guard, passed through Ashland in charge of an army officer enroute to Fort Thomas, where he will face a court martial. If found guilty he will receive a sentence of from two to twenty-one years in the penitentiary, as the National Guardsmen are now under regular army rules and regulations. The penalty for desertion in time of war is death. In addition to serving the penal penalty, deserters must pay the \$50 reward for their arrest and all other expense their return may cause.

MRS. ADAMS ENTERTAINS.

Mrs. B. F. Adams was a delightful hostess of the week, bringing together at her home on Perry street, on Wednesday afternoon several friends, in compliment to her attractive visitor, Mrs. Arthur Apple, of Columbus, O. The hours were pleasantly spent with flitch and conversation, and delicious refreshments daintily served concluded the afternoon's pleasure.

GOING TO IRVINE.

Jake Liraleky, Louisa's well known merchant has rented a store room at Irvine, Ky. and will move his store from Louisa to that place, after the close of the sale advertised in this week's News. Jake's many friends regret to see him leave, but wish him success.

DAM AT HUNTINGTON.

Assurances that, as a sequel to the \$500,000 Congressional appropriation for continuance of improvement of the Ohio river, Dam No. 27, just east of Huntington, will be built as soon as plans can be completed and bids received, has been made by the chief of Engineers at Washington. The matter has been taken up with the authorities at Washington. The site has already been purchased.

IN COLORADO

President W. J. Williamson, of the First National Bank of Williamson is now enjoying in Colorado for his health. He has just arrived in Denver and writes that he is improving from his recent severe attack and relapse.

ERROR IN DEED TO VALUABLE OIL LANDS.

By some unexplained error in a deed made eight years ago, several unsuspecting persons in Winchester have come in possession of 172 acres of land in Powell county on which there is already nine producing oil wells and others in prospect.

The land is a part of several thousand acres known as the "Cottage Furnace" tract, sold by a master commissioner several years ago. Examination of old records showed that the 172 acres had never been transferred and the title rests in the heirs of Joe McKinney. Morgan and J. W. McKinney, of Winchester, are among the heirs of the tract.

The best well yet drilled on the south side of Kentucky River was drilled in yesterday by Gaines, Marcum & Neely on the farm of Chas. Rice, located on the South Fork of Station Camp. It is reported that the pay was reached at a depth of 260 feet and is classed as a 100-barrel well.

This is decidedly the largest well in the south section of the field and has served to renew confidence and interest in that section. The owner of the land, Chas. Rice, when oil was found on a neighbor's farm, became so excited, his mind became unbalanced and he is now undergoing treatment at the State institution at Lexington.

JOE HICKS, NEW WORLD'S CHAMPION.

The Independent says: Ashland has another son who has reached the top round of the ladder of fame in his particular line.

Little Joe Hicks, who is conceded by all jugglers to be the champion diabola manipulator of the world, is home on his vacation, and as a special compliment to his old friend, Dick Martin, put his stunt on at the Columbia Monday night.

Joe has newspaper clippings from the latest cities in America where he has astonished thousands by his marvelous feat of catching his spinning top from the top of 24 story buildings.

NONAGENARIAN VISITS DAUGHTER.

Dr. Robert Hurt who had been for some time the guest of his daughter, Mrs. C. M. Preston, in Ashland, left for Edinburg, Indiana, to visit another daughter, Mrs. Auxier. Mrs. Preston accompanied him as far as Cincinnati where Mrs. Auxier met him, and took him on to her home.

He is about ninety-three years of age, and spends part of his time with Paintsville relatives.

MASTER JOHN YORK AT FALLSBURG.

Master John York, of Catlettsburg, is enjoying his vacation, fishing and scampering about on the farm generally at the home of his uncle, George Norris, at Fallsburg, this county. Mrs. Belle York, his grandmother, is also visiting at this home.

DEATH OF YOUNG WIFE AND MOTHER

Mrs. Mollie See Akers died at the home of her parents, Mr. and Mrs. F. M. See, on Lick creek, Friday night, Aug. 11, 1916, after a considerable period of suffering, and her remains were deposited in the Shannon burial grounds on Sunday. The services were conducted by Rev. L. M. Copley. Mrs. Akers was about 32 years old, and leaves a husband and five children to mourn her loss. The oldest child is 11 years and the youngest 3 years. There are four girls and one boy. Mrs. Akers was a Christian woman of the highest type of character, having been a faithful wife and dutiful mother, and when the end came she was in an ecstasy of happiness over her strong faith and long experience, and she passed away shouting the praise of her Savior. Our homes and society can ill afford to lose such noble women for they are so much needed these days, but God knows best what to permit and so we say "Thy will be done."

KILLS BROTHER.

While hunting squirrels at their home near Morehead, Jeff Mayes shot and fatally wounded his brother, George Mayes. In their hunt the brothers had become separated and Jeff mistook the brim of his brother's hat for a squirrel. George died of his wounds.

CHICAGO FIRM GETS RAILROAD CONTRACT

BALTIMORE & OHIO WILL BUILD ITS SECOND LINE TO ELKHORN MINES.

Construction of an important line to new coal mines in Kentucky will soon be started by the Baltimore & Ohio Railroad Company. The Bates & Rogers Construction Company of Chicago will build the Long Fork Railroad from a connection with the Chesapeake & Ohio Railway in Floyd county at the forks of Beaver Creek, the route being southward up the left fork of that stream to its headwaters at Weekshury, in Knott county, a distance of 26 miles. The new line which will be side tracked and built for heavy traffic, will have five tunnels ranging from 140 feet to 775 feet long.

Weekshury is a new town established by the Elkhorn Gas Coal Mining Co., which is building an extensive mining plant there and will be prepared to ship out large quantities of coal as soon as the railroad facilities are provided. Preparations for this construction have been under way for some time several parties of engineers having gone over and thoroughly investigated a route during the last five years. The beginning of the line will be at a point on the Chesapeake & Ohio Railway 16 miles south of Prestonsburg, Ky., and about 30 miles north of Shelby, at which latter point the Baltimore & Ohio already has another detached line which runs into the Elkhorn field of the Consolidation Coal Co. The coal from the Long Fork line now to be built will be taken to the market over the Chesapeake & Ohio and Baltimore & Ohio lines, as is the coal taken out over the Sandy Valley and Elkhorn, which is the name of the older coal mine railroad. Some of this coal, and maybe much of it, will go to the Great Lakes over the Cincinnati, Hamilton & Dayton road, which is controlled by the Baltimore and Ohio.

In this connection it is important to note that the Baltimore & Ohio made surveys some time ago for a line from Kenova, W. Va., along the Big Sandy Valley, practically paralleling the C. & O. Railway with the idea, it is understood, that some day a double track through the valley to get out the coal rapidly might be necessary. There has not as yet, however, been any announcement of an official nature covering this plan.

BROTHERS FORM PARTNERSHIP.

The following from the Ashland Independent refers to the sons of Mr. and Mrs. Robert Sturgill, formerly of this place.

Dr. J. D. Sturgill, the well-known physician of Princess has formed a partnership with his brother, Dr. G. M. Sturgill, and the three will have their office in the Sturgill building on thirteenth street. The firm will make an exceptionally strong one as both are physicians and surgeons of exceptional ability. Dr. G. M. Sturgill has been very successful in the practice of his profession in Ashland and Dr. J. D. Sturgill has also been very successful in his practice at Princess where he has been for several years.

MRS. L. T. VINSON DIES.

After suffering for many months Mrs. L. T. Vinson, wife of Dr. Vinson, formerly a citizen of Kenova, died at her home in Huntington, Tuesday, Aug. 1st. She was a gifted singer and a favorite in social and musical circles. Mrs. Vinson was born in Augusta, Ky., but spent practically her entire life in Huntington. After completing her education she became the wife of Dr. Vinson. One child was born to them, Lindsey, a little girl whose birthday fell on the day of her mother's death.—Ceredo Advance.

AGED RESIDENT OF WAYNE COUNTY DEAD.

M. D. HATTEN DIES AT HIS HOME IN KENOVA AFTER LONG ILLNESS.

Death due to a complication of diseases came to M. D. Hatten, of Kenova, Tuesday morning after an illness of some months. Mr. Hatten was about 72 years old, and one of the most respected citizens of Wayne county. The wife, with five children survive his death.

Following are the children who are left: Emmett Hatten, Mrs. T. O. Simpson, Mrs. B. W. Whipple, Mrs. Fink and Mrs. John Kettle, all of Kenova. Mrs. Fink is the widow of Frank Fink who died three years ago in Ohio and who was well known in Kenova.

The funeral was held Wednesday afternoon in Kenova at the First Baptist Church with Rev. R. S. Akers, of Ceredo, officiating. Burial at Huntington.

PESTILENCE IS NOW FEARED IN FLOOD DISTRICT.

Charleaton, W. Va. Aug. 12.—All available men are at work on traction bridges of the C. & O. to Fairfield four miles from Cabin creek junction that supplies may be rushed to miners and families left destitute and hungry by the flood Wednesday. Food carried by militiamen gave temporary relief to the food victims. In many places there is no drinking water. Typhoid fever is most feared. Dr. Jepson took a supply of medicine to Cabin Creek district, where a large portion of forty physicians lost all supplies. Gov. Hatfield, a physician, and Dr. S. L. Jepson, State Health Commissioner, will adopt strenuous efforts if necessary, to prevent pestilence. The toll of known dead including bodies recovered, is more than fifty.

BELIEVED MURDERED FOR HIS MONEY.

An Australian, whose name was not learned, was killed last week in a coal mine of the Turney Mining Co. at Stone, Ky. It was at first thought that the miner had been killed by a mine shot but there are now suspicions that he was murdered for his money and thrown into the mine. This theory is strengthened by the fact that there was but one injury on the man's head and that directly above where his body was found there was an imprint on the roof of the mine of an axe point. The Australian was known to carry considerable money on his person.

BROTHERS DIE OF PELLAGRA; HOME BURNED AS PRECAUTION.

Liberty, Ky., Aug. 11.—Both ill with pellagra, Oscar and Walter Tartar, brothers residing in the Turney Sand Knob section of Casey county, were being moved in a wagon to the county infirmary near here when the former died while the wagon stopped at Kidd's store. Walter was taken to the almshouse but died in a few days. Their parents had died of the disease two years ago. Their home was burned to prevent the spread of the malady.

GUARDSMAN PLACED UNDER ARREST

James Pigg, Roy Runyons and Golden Jordan, all of Catlettsburg, were arrested in that city by Capt. R. O. Poage on a charge of being absent from camp without leave. The men were placed in jail and later sent to Fort Thomas under guard. Pigg was found in a barber shop and Jordan at the home of a young lady on whom he was calling at Normal.

A SLEEP WALKER FATALLY INJURED

FALLS FROM THIRD STORY WINDOW OF PIKEVILLE HOTEL WEDNESDAY NIGHT.

The habit of walking in his sleep brought death to Kenna Chapman, of Catlettsburg, a traveling salesman for the Patton Milling Company, who succumbed at the Huntington general Hospital late Thursday night. Mr. Chapman, who was about 32 years of age was at Pikeville Wednesday night. He was in a room on the third floor of the Jefferson Hotel there. It was well known that he walked in his sleep and the theory is that he had risen from his bed and gone to a window where he sat down there was a screen nailed across the window and this gave way under his weight. He awakened as he fell and screamed, the cry attracting the attention of a man in a room across a court from him. When this man looked he saw Chapman hanging to the window ledge by his hands. Before he could reach him, however, he had fallen to the pavement thirty feet below.

He was rendered unconscious by the fall and never again regained his senses. He was taken to the Huntington Hospital where examination revealed a fracture at the base of the brain, a fracture of the left leg, and rupture of the bladder.

The surgeons pronounced the case a practically hopeless one, but at the insistence of friends of the injured man an operation was performed Thursday night. The man's body was taken to Catlettsburg for interment.

Mr. Chapman's wife died less than a year ago and left him the care of two fine little boys, John and William, to whom he was most devoted.

SAMPSON THE STRONGEST MAN IN THE RACE.

The returns sent to Frankfort show Sampson to be the winner over Judge Kirk for the Republican nomination for Appellate Judge in this district. With Powell County out Sampson's plurality is 935. It will be reduced by Powell county somewhat.

Major D. J. Burchett, one of Kentucky's prominent citizens, formerly of Louisa but now of Mt. Sterling, was surrounded by his children and grand-children, at the home of his daughter, Mrs. J. F. Ratcliff, on Tuesday, when this thoughtful hostess had arranged the feast in honor of the birthday anniversary of Major Burchett. The Ratcliff home is famed for its generous hospitality and on this occasion Mrs. Ratcliff excelled in the elegance of the menu. The gathering comprised of Major and Mrs. Burchett, of Mt. Sterling; Mr. and Mrs. D. J. Burchett Jr. and son Wayne Carey of Louisa, Ky.; Mr. and Mrs. George Vinson and daughter Helen, of Louisa, Ky.; Mr. and Mrs. J. C. A LONESOME BOY.

Such tobacco enjoyment

as you never thought could be is yours to command quick as you buy some Prince Albert and fire-up a pipe or a home-made cigarette!

Prince Albert gives you every tobacco satisfaction your smoke-appetite ever hankered for. That's because it's made by a patented process that cuts out bite and parch! Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

PRINCE ALBERT

the national joy smoke

has a flavor as different as it is delightful. You never tasted the like of it! And that isn't strange, either.

Buy Prince Albert every-where tobacco is sold in tippy red bags, 5c; tippy red tins, 10c; handsome pound and half-pound tin ham-dors-and-that corking fine pound crystal-glass ham-dor with sponge-moistener top that keeps the tobacco in each clover-leaf-always!

Men who think they can't smoke a pipe or roll a cigarette can smoke and will smoke if they use Prince Albert. And smokers who have not yet given P. A. a try-out certainly have a big surprise and a lot of enjoyment coming their way as soon as they invest in a supply. Prince Albert tobacco will tell its own story!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

BUCHANAN

As there has been no report of road working from Buchanan, will attempt thru your paper to show the good that has been done by a few progressive men who are always in for anything that upbuilds a community. One of our most forward men is Dr. J. A. Fritchard. It was through him the spirit of road work commenced, having seen the condition and need, he started with his own money, and asked of our County Judge \$25 to continue the work he had begun, and some more help from Boyd county citizens. The work went on and through him Bear creek was built up the best it has ever been, and very little else was done outside of his work and influence. Having read an article from "Uncle Tip" of some others helping will say they received \$2.00 per day for service of team and work. After having worked Bear creek road out the Dr. turned to the river road and through him with the help of Mr. Jake Compton Sr., Jake Compton Jr., Lewis Berry, Lou Bennett, Walter Smith and a public spirited citizen of Zella, Ky., who uses our road to Buchanan, Jack Bryan, came and helped to make one good mile of road south from here. We have all culverts in, furnished by county, except one at Jack Compton's branch, in the opinion of citizens the county judge ought to fix or look after at once as we know it to be very dangerous, having hauled coal, feed, and travel over this place every day.

Our Sheriff Mr. Stone was down a while back and spoke of great neglect our part of the country was get-

ting. He can see where the public spirit on roads is. We work county road now one day a week and believe more interest ought to be given. Will close this time, only asking "Uncle Tip" next time to give honor where honor is due, and let us all push good roads.

BUCHANAN.

We appreciated Uncle Tip's letter found in the News. We were especially pleased with what he said about the improved condition of the Bear Creek roads. Hatten & Warren have always favored better roads, and have contributed some team work this year. However, we are more than glad to note that a new lot of our people are gradually falling into the plan of better roads, and relieve those who have long borne the burdens. Our efficient Dr. Allen Fritchard, who built from Boyd county, together with his wife made themselves very active in trying to get our roads in better condition. They have made most excellent progress with the small amounts contributed, and the aid of farmers here. We would not forget to mention others who have caught the "Road Fever", for instance Allen Ross, Allen Scott, Theodore Kinner, Lon Bennett, J. S. Turman and several parties on the left hand fork of Bear creek. If all the people that are amply able to join the few that have engaged in this good work, in a very few years we could have good roads. We are glad to note that our honorable Judge, and county engineer sent us a lot of drain pipe, for culverts, and that a lot of them have been put in.

where they were badly needed. Also we are glad to thank them for the new steel drag. A lot of our citizens, just after the rain took it out on trial and found it a most splendid help to improve the road. We lacked a plow team badly. We all decided it to be the best thing we had ever struck on the county road. Late in the afternoon as we came down the road with the drag knocked down to level the dirt, one of our party declared the road looked twenty-five dollars better and a proposition was made that we might foot a Boyd county man, that had only a limited amount of knowledge where the county line was. The plan was to have him drive his automobile over our improved Bear creek road, and make him believe he was still in Boyd county. Another fellow declared the plan would not work worth a cent, but suggested that we meet the fellow at the Granny Jackson hill, and place a good sufficient blind fold over his eyes, and not remove it until he arrived at Buchanan. He said the most rank stranger, with only one eye could tell when he was going out of Boyd county, and into Lawrence county, when he came to rush creek hill. We hope the time will come when that little piece of road, less than 500 feet long, will be placed into such condition that the stranger will not know when he crosses the line with an automobile. J. F. H.

MILITARY LINES.

Her soldier boy's coat has served as a natty model here. Ten broadcloth is cut with a full skirt, double capes and wide revers. This severity is relieved a bit by four rows of stitching done in points around the skirt at the knee line, the cuffs, the collar and the shoulder line of the capes. Please observe the dashing little hat that good lines, wide ribbon and a buckle achieve.

NEW TRIMMINGS.

Lace flouncings will be much used for godet insertions. Especially to be noted is the cream fillet through which are intermingled gold threads. All imitations of black chintilly will be sought for, and this will hold true of any fine black lace with an irregular pattern and background.

Full and bright silks will be used on the same lace with a background net of irregular size, usually large and of fine thread. While there will be much metal lace in evidence, it will be much heavier. Nothing will be better to make the plaided dresses of than the point d'esprit in black, white and colors.

Mr. and Mrs. Robert Roberts and daughter, Virginia Lee, of Ashland

Poor, helpless, hopeless, sick, suffering, miserable woman. Sick because she doesn't really know why. Sick because the organs that make her a woman are not properly performing their functions and so are sending nerve messages with aches and pains and distress all over her quivering body.

Nine-tenths of women's sickness comes from disorder of these special organs. The symptoms are various—the cause the same. Dr. Pierce's Favorite Prescription is the remedy for the headache, backache, nervousness, wakefulness, neuralgia and fifty other troubles of women which can always be traced directly to feminine weakness or disease. Thousands of women right here in Kentucky, after years of discouragement, have written to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and now thank him for their renewed health and happiness.

It is a medicine devised to cure one certain kind of disease—female disease. It brings ease and comfort and sleep. It restores perfect health. It fills out cheekbones, brightens the eyes, puts vim and snap into the whole body.

It is a wonderful prescription prepared only from nature's roots with glycerine, with no alcohol to falsify stimulate. It banishes pain, headache, low spirits, hot flashes, dragging-down sensations, worry and sleeplessness surely and without loss of time.

Sick women are invited to consult Dr. Pierce, by letter, free. Address Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

The modern improvement in pills—Dr. Pierce's Pleasant Pellets. They help Nature, instead of fighting with her.

Out of 175 models chosen as representative of correct fall neckwear this one illustrated was picked for its novelty and charm. The cape is of white organdie, from which depend taffeta tails that fold and tie in a chic bow.

DRINKS POISON

Franklin, the little son of Mr. and Mrs. Roy Lambert, of Kenova, drank a quantity of soldering acid Sunday and for a time the little fellow's life hung in the balance. He is improving and it is thought will be all right in a few days.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mr. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlasting tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Cardui—Instructions on how to use and 64 page book, "Home Treatment for Women," in plain wrapper, N. C. 124.

How Machines do Our Shorthand, Our Bookkeeping, Our Adding, Our Typing, Our Talking,

No hand work can be as accurate as Machine Work.

Our Shorthand Machine—the Stenotype prints shorthand in just the same letters you learned when you were six years old. No hieroglyphics—just plain A. B. C.s, which anyone can read.

Have you seen it? Well you have something of interest still to see. Make your mind up to look into this little device to-day. It will pay you to do it.

Don't stand still. Don't go backwards. Remember what you said about the Adding Machine, a few years ago.

Write us about your wishes, your ambitions. You will not be the first boy or girl, by many hundreds we have helped solve the problem of "How to make a living."

Are you thinking of training for a profession or a trade?

We used to say "The quickest way to success in any profession is learning Shorthand." We still say so, but by all means learn it the "Machine Way."

Our School has added Shorthand Machines just as we added, years ago, Typewriters, Adding Machines, Mimeographs. (And we have not forgotten to keep them MODERN), etc., because the Public demands new and up-to-date facilities for making the busy man's work easy.

Modern Bookkeeping is very little like what it was thirty years ago.

WE KEEP ABREAST THE TIMES.

Great interest is manifested throughout every county in the Kentucky State Fair to be held in Louisville September 11-16.

The Kentucky Messenger is the name of a new daily paper in Covington, the first issue to come out on Labor Day.

Colonel Fred Gardner, the Democratic nominee for Governor in Missouri, is a Kentuckian, a native of Hickman.

Colonel E. G. Buckner has donated \$20,000 to the city of Owensboro to be used for the erection of a tuberculosis hospital.

A Kentucky soldier named August Black, of Lexington, was kicked on the head by an army mule at El Paso and killed.

Positive announcement that Vice President Marshall will open Kentucky's Democratic campaign at Winchester, Saturday, September 9, was made in Washington.

Pending a settlement through arbitration, difficulties between themselves and Western Kentucky mine operators, 5,000 union miners of that district voted to resume work. They have been on strike for about three months.

Experts say there are very poor prospects for fruit in the state this year. Apples will not make one-half crop. Peaches show a condition of 65 per cent; pears, 62 per cent and grapes 55 per cent.

Crop reporters state that the corn crop in the state was greatly damaged during July by the excessive dry weather. The condition of the corn crop is given at 90 per cent of the average crop.

Senator Tom Taggart, of Indiana, has assured boosters of a Federal Farm Loan Bank for Louisville, that, in the event Indiana does not seek it, he will be for Louisville as against Cincinnati.

Commissioner of Agriculture Cohen estimates the yield of the wheat crop this year at nine bushels to the acre. The season is greatly damaged the wheat in many sections and the average in some parts of the state is only three bushels to the acre.

A total of 14,902 deaths and 28,606 births have been reported to the Bureau of Vital Statistics for the first six months of 1916. This does not include a number of delayed certificates, which will add considerably to these figures.

The receiver of the Equity Life, of Frankfort, has filed suit against 214 policy holders of the company, which was an assessment concern, to collect an assessment of 10.2 per cent to meet death claims of \$52,000 and other indebtedness amounting to \$5,000.

Louisville is resorting to extreme methods to capture the Federal Farm Loan Bank, which it is expected will be located to serve Ohio Valley territory. Louisville has gathered pledges from Senators and Representatives from Ohio Valley States and it is claimed that her chances are excellent.

The State Live Stock Sanitary Board has revoked an order requiring cattle destined to points in the state for any purpose to be shipped in clean and disinfected cars. This order in no way affects the requirements affecting the shipment of sheep and swine into Kentucky.

J. Kilwan Vetter, Jr., of Louisville, is but one year old and he is a very lucky child. Recently he fell head first from a second-story window at his home. The mother saw the child fall and ran down stairs. Instead of finding an injured child she saw him lift himself to his feet.

The widow of Dr. James Carroll, the martyr to the discovery that the yellow fever germ is transmitted by mosquitoes is to receive a permanent home at Ft. Thomas (Ky.) mobilization camp for the Kentucky guardsmen. It was announced by Lieutenant Irving Lindenberger, Camp Surgeon.

The state school fund has been swelled by \$45,949.48 collected as taxes on dogs. Last year the dogs of the state netted the school fund \$39,623.46. Pike county leads the list with the number of dogs, turning into the school fund, \$2,409.02 from this source. Boyle County paid the lowest dog tax, that of \$5.31.

Jurisdiction over the Ohio River between the states of Indiana and Kentucky is involved in a test case in the Circuit Court of Louisville. The case is that of Frank Nicoulin, a fisherman, and is an outgrowth of an act for the protection of fish and game which was passed by the last legislature.

Pay day for a brigade of the Kentucky National Guard was more orderly than pay day for a regiment of regulars when they were stationed at Ft. Thomas, according to citizens of that place. The sum of \$65,000 was distributed among the men, and the spending of money was accompanied by a minimum of disorder.

Mrs. Berilda Hinton, probably the largest woman in Kentucky, died at her home in Paris. She weighed slightly over 500 pounds. The framework of the door and part of the brick wall of her residence had to be removed to allow the casket to be taken from the house. Ten pallbearers were required.

The "unloaded gun" was the cause of a fatal shooting in Harrison county when Tommie Bailey, 7, was playing with the weapon while his playmate, Virgie Sowder, was looking on. Turning the gun on the little girl, Tommie said: "Look out or I will shoot." The gun was discharged and the load of shot entered the child's body from which she died two hours later.

The fall session of the Western Normal school at Bowling Green opens September 12. Free tuition may be secured from the county superintendent of the various counties. The attendance during the past scholastic year reached 1,820 different students and it is predicted that the school will make a health growth during the coming year.

Dr. M. C. Dunn, 52 years old, President of the Henderson School Board, and widely known among physicians in Kentucky, was shot and killed on the streets in Henderson by Charles M. Wyne, 21, a carriage worker. Wyne recently filed suit against Dr. Dunn, for \$10,000 damages, alleging that the physician had attacked Mrs. Wyne in his office.

Officers of the First Regiment, Kentucky National Guards, stationed at Fort Thomas, offered in their zeal to swell their ranks to peace strength, a dollar each for recruits induced by members of the command to join the First's standards. The money is being paid out of a regimental fund, and the plan, it is said, is proving an efficacious means of bringing men to the colors.

Kentucky and Tennessee tobacco firms have won another point for the shipment of tobacco to Germany and Austria, members of congress from both these states being advised by the state department that the British government will not disturb shipments of tobacco through the Netherlands Overseas trust which are necessary to fill unfulfilled contracts between American firms and the Central powers.

David Wiseman, former resident of Estill County, but who has been in the gold mining business in British Columbia for many years, discovered gold ore in Estill County several days ago, and a report from the United States Assayers, received, says it will run \$2.50 to the ton. Wiseman says it can be mined profitably at \$1.50 per ton, and will organize a company at once to develop the territory.

Somerset and Pulaski County are full of oil men trying to get leases, but only a few are successful because nearly every acre of what is considered good territory is leased. Two contracts for wells have been let and drilling will begin before September. The Standard Oil Company and the New Domestic Oil and Gas Company have had representatives in the field offering big bonuses for leases.

When Dr. C. G. Daughter's touring car stalled on the railroad crossing on the Clintonville pike near Paris on a recent night, Judge Denis Dundon, who was in the car with him, set fire to a new \$10 Panama hat to use as a torch to flag an approaching train. His sacrifice was in vain, as the train struck and demolished the car. Judge Dundon suffered a sprained ankle in running up the track. Both reside in Paris.

While few Kentucky employers are refusing to accept the compensation act, quite a number of employees have refused to come in, and riders are being attached to compensation policies to cover this feature. If the employee refuses to accept the act the employer retains the old common-law defenses. The board has adopted the rule of not publishing names of persons injured, so as not to encourage "ambulance chasing."

Enthusiasm prevailed Saturday at Ft. Thomas when the word was received that the War Department had included the Kentucky state guard in its latest call for 25,000 volunteers for service on the Mexican border. The men who have been most pessimistic over the failure of the order to arrive before there will be any more borderward and the gaps in the various companies caused by the rigid physical examinations will have to be filled.

Information that numbers of children in one of the rural school districts of Nicholas County are working on the farms instead of going to school, is reported at Carlisle, and steps are being taken to enforce strictly the compulsory educational law.

What would you have done, Mr. Hughes?

The price of wheat in Cynthiana yesterday was \$1.25 per bushel, probably the highest farmers ever received during harvest. Blaine Wilson—Cynthiana Democrat.

Mr. Hughes says "reasonable preparedness is simply common sense." Certainly, Mr. Hughes. You are a little late waking up. The Democratic administration found next to nothing in this line when it came into power in 1913, but is rapidly supplying the deficiency, and this is some job.

Calamity howling, vituperation, denunciations of his opponent, insinuations that "a look at the books, will show dishonesty, and such old time bull can compose the chief part of Hughes' speeches. Where is the dignity that is supposed to attach to all candidates for the highest office in the world? He has descended to the level of the ordinary stump speaker.

Before Justice Hughes completed his speech of acceptance he called Senator Fall, of New Mexico, into conference on Wilson's "failure" in Mexico. Senator Fall advised him, and as a result three-fourths of his speech dealt with Mexico. In this connection it is profitable to remember that Senator Fall has large possessions in Mexico, which, naturally, he wants to pay big dividends. He is strongly in favor of the United States going to war with Mexico. In other words, he wants the blood of American youth shed to make his investments good.

Men's Handkerchiefs

Handkerchiefs are a most important part of every man's wardrobe. We have a large variety from which any one can make an agreeable selection. Plain white, hemstitched and decorative handkerchiefs with colored designs. Quality in all.

A SQUARE DEAL FOR EVERYBODY.

R. Blankenship

GARTIN'S OLD STAND

LOUISA, 1-1 1-1 1-1 KENTUCKY

It would be tough on American youth, but we gather from Justice Hughes' utterances that he is opposed to Wilson's policy which has kept us out of war. Editor William R. Hearst, of New York and California, also has large possessions in Mexico, and consequently is one of Wilson's bitterest enemies and one of Hughes' strongest supporters. He also is ardently in favor of war. It would be very fine no doubt to have a few thousand American boys killed or wounded to make Mr. Hearst's investments good, along with Senator Fall's, but somehow we have a sneaking notion that the voters are not going to approve the plan in November—Cynthiana Democrat.

JIM ALLEN'S POEM.

There is a girl in this old town who's modest and quite sweet, but there's a rumor going round that mates are not her feet. Still just so far as I can see those feet quite fill the shoes, and nothing that the gossips say can alter my own views. What doth it matter if one foot is pointing to the east when westward swings the other toes? It matters not the least! So mind your business, gossips all, and give this girl a chance—she may have learned to walk that way by frequenting the dance—Cynthiana Democrat.

SCHOOL DEPARTMENT

EMORY E. WHEELER, EDITOR.
OSIE, KY.

Rules of Department.

All communications to be published for the week must reach the department editor by Monday night.

Write on one side of paper only.

Write articles just as you wish them published.

Articles of interest to teachers and school officials are solicited.

State if articles are to be published in the NEWS only.

A movement has been started by the teachers, as will be seen by the resolutions, to raise \$1,000 to finish the K. N. C. Auditorium.

When this building has been finished Lawrence County people may well be proud of her subscriptions to the fund. She will have a spacious hall for the holding of all meetings of any moral worth, for it is embodied in these resolutions that the hall shall be open free for all public meetings of a moral nature.

Subscriptions are solicited and should be sent to Dock Jordan, Louisville, Ky.

All who subscribe will be called upon to pay their subscriptions when \$1,000 has been pledged.

No student of K. N. C. can show his appreciation for the efforts of the faculty in a more appropriate manner than to write Dock Jordan subscribing \$10 or more to this fund. We hope to receive a subscription from the former students or at least \$250 within the next few weeks. More than \$700 has already been subscribed.

OBITUARY OF PHILLIP HATTEN.

Mr. Phillip Hatten was born in Wayne county, W. Va., Dec. 4, 1832 and died July 19, 1916, aged 83 years 7 months and 15 days. He was married to Ruhama Riggs, Jan. 15, 1851 with whom he lived a happy wedded christian life for 29 years 9 months and 2 days, when death claimed this good faithful and devoted companion.

Eight children were the fruits of this happy union and lived to enjoy manhood and womanhood, and four of them passed to the great beyond before their father. On May 19, 1891 Mr. Hatten was married to the widow Garrett, and to this union no children were born, but they lived together 25 years, a happy devoted wife when death claimed Mr. Hatten's second companion, and she preceded her dear husband to the Glory Land only 2 months.

He was of Quaker parentage and as a child acquired those virtues which have distinguished this splendid people through all the years of their history.

Through remoteness from the church of his parents and because of the dominating religious influence of the community in which he lived and especially the influence of his wife, he early became a member of the church and was converted and lived a consistent religious life over 65 years and died in its fellowship.

In the years of his strength he was an officer bearer in the church and was very zealous in promoting his work. His home was the home of preachers. It mattered not what the denomination. A man whose business character was unquestioned, whose influence was always helpful, whose christian faith was steadfast, has gone to his crown. His remaining children rise up to call him blessed.

Uncle Phil, as he was so familiarly known, lived such a good moral christian life that it mattered not how drunk a man or boy got when Uncle Phil went to them to lend aid and administer words of kindness they most

obeyed him.

PROFIT BY THIS

Don't Waste Another Day.

When you are worried by backache, by lameness and urinary disorders—Don't experiment with an untried medicine.

Follow Louisa people's example. Use Doan's Kidney Pills.

Here's Louisa testimony. Verify it if you wish:

G. E. Figg, tinner, Cross St., Louisa, says: "For several years I was subject to severe backaches and I had much trouble in passing the kidney secretions. Sometimes the secretions were profuse, then again scanty and highly colored. Doan's Kidney Pills gave me the first relief I had ever received. After using this medicine I enjoyed better health and entire freedom from kidney trouble."

OVER TWO YEARS LATER, Mr. Figg said: "I have been well since using Doan's Kidney Pills."

Price 50c. at all dealers. Don't simply ask for kidney remedy—get Doan's Kidney Pills—the same that Mr. Figg has twice publicly recommended.

LOUISA, KENTUCKY

To hold "its place in the sun," is the avowed purpose of a great nation's conflict. To hold "its place in the sun," is the object of every business in the great fight for industrial and commercial supremacy. To be able to hold "its place in the sun," is the supreme test of an asphalt roof. It is the sun, not rain or snow, that plays havoc with a roof. If it can resist the drying out process of the sun beating down upon it, day after day, the rain or snow will not affect it except to wash it clean and keep it sanitary.

Certain-teed Roofing

takes "its place in the sun" and holds it longer than other similar roofing, because it is made of the very best quality roofing felt, thoroughly saturated with the correct blend of soft asphalt, and coated with a blend of harder asphalt. This outer coating keeps the inner saturation soft, and prevents the drying out process so destructive to the ordinary roof.

The blend of asphalt used by "The General" is the result of long experience. It produces a roofing more pliable than those which have less saturation, and which are, therefore, harder and drier.

At each of the General's big mills, expert chemists are constantly employed to refine, test and blend the asphalt used; also to experiment for possible improvements. Their constant endeavor is to make the best roofing still better.

The quality of CERTAIN-TEED is such that it is guaranteed for 5, 10 or 15 years, according to thickness (1, 2 or 3 ply). Experience proves that it lasts longer. Behind this guarantee is the responsibility of the world's largest manufacturer of roofings and building papers.

Notice of Commissioner's Sale.

By virtue of a judgment of the Lawrence Circuit Court in the case of Lindsey Fannin, against Jeff Collinsworth, Laura Collinsworth and John Towler, rendered at its April term, 1916, undersigned commissioner will on Monday, the 21st day of August, 1916, at the front door of the court house in Louisa, Ky., it being county court day, offer for sale to the highest bidder the following property to pay Plaintiff's debt of \$1,500.00 with interest from November 12, 1914, and the cost herein. Said property described as follows: A tract of land situated in Lawrence county, Ky., and on Little Catt Creek. Beginning at Big Catt Creek at a set-in stone a corner of Ben Rice, thence up the hill a west corner with Ben Rice's line a Garrel Short's line, (now Noah El's line) to C. W. Jones' line; thence with C. W. Jones' line to Little Catt creek just below C. W. Jones' house; thence up said creek to Sycamore, a corner of Jay Shortridge, thence up the point a straight course and with a line fence between Jay Shortridge and J. W. Towler (now Jeff Collinsworth) to Adam Harmon's line, thence with Adam Harmon's line to Jack Scott's line, thence with his line an east course down the point to Catt creek; at or near the forks of said creek; thence down the creek with its meanders to the beginning, at Ben Rice's line, containing 175 acres more or less.

Terms: Sale will be made on a credit of six and twelve months, purchaser to execute bond payable to Commissioner with approved Security. W. M. SAVAGE, M. C. L. C. C.

ZELDA.

Zelda school is progressing nicely with teacher, Miss Marie Roberta school. The improvement league meets at our school house every other Tuesday night.

HER MATINEE COAT.

Rose velvet so thick it almost becomes plush is the material of this beautiful garment. A very full cape is shirred three times on to a black velvet yoke, matching the deep cuffs. Please notice the unusual way of confining the fullness in the back, a buttoned strap. The coat is lined with rose taffeta.

WAISTS DARK OR LIGHT.

Whether in dark colors to match the suits or in light pastel shades, sheer-ness is the dominant style feature of the fall waists. It is expected that the dark waists to match the suits will be in vogue as the fall season advances, but the early buying favors the white and pastel shades. Sheer silk crepe is again taking the lead with the early buyers. Chiffon, however, is being taken up more extensively than in the past two seasons.

Crepe de chine is a decidedly important factor in the practical waists, which require service as well as attractiveness. White and flesh color crepe de chine continues to attract, but some of the pastel shades, such as gray, tan and blue, are included in the orders for early shipment.

Misses Bertha Cornette and Grace Stewart and Mr. Ernest Lakin were out boating Sunday afternoon.

CASH IN ADVANCE PLAN TO BE ADOPTED

On October 15th, 1916, the Big Sandy News Subscription List will be on a New Basis, and the Paper will be Sent Only until the Date Paid in Advance.

INCREASED COST OF PRODUCTION FORCES THIS CHANGE

As announced in the above heading the Big Sandy News will change its policy in handling the subscription list. We are compelled either to increase the subscription to \$1.50 per year or to take steps that will stop all losses and waste. We hope by doing the latter to keep the subscription price at one dollar.

We are making announcement of our new policy several months in advance of its adoption so that all our friends and subscribers will have ample time to get on the new basis.

It has been customary from "time immemorial" almost for country papers to extend credit to subscribers and to continue sending the paper until death, poverty, disease, hopeless delinquency, or an earthquake caused a break. This is bad business and oftentimes very unsatisfactory. Some people get the impression that the publisher is trying to force the paper on them. This is one thing the publisher of the Big Sandy News can truthfully say he has never intended nor had any desire to do. In soliciting we do not even insist strongly upon anyone subscribing for the paper, because we never want to push it upon any person.

Our efforts are directed chiefly to making a paper worth the subscription price. Nevertheless, a few people seem to think the paper is being forced upon them when it continues beyond the date paid for.

On the other hand, we have had a number of subscribers to resent our action in stopping the paper at the expiration of the period paid for, saying it was a reflection on their credit. This is the source from which we anticipate most of the trouble that is likely to come in changing to a strictly cash in advance system. But when the change is made it will be absolutely necessary to enforce it impartially. The mailing list will be in charge of an employee who doesn't know any better than to stop every subscription at its paid expiration.

Although as above stated, the proposition has two sides, we believe our friends and patrons will like the new system better. We ask their kind cooperation in establishing this new business-like plan.

Subscription Rates.

BRITISH PREPARE FOR NEW ATTACK

Retake Lost Ground From Germans.

CARPATHIAN GATEWAY TAKEN

Russian Drive Captures Jablonitz, Gateway to the Hungarian Plains—Italian Troops Only Thirteen Miles From Trieste, According to Reports.

London, Aug. 16.—The allied artillery developed a terrific fire along practically the whole line in Picardy, apparently in preparation for a great new attack. The German guns are responding vigorously to the bombardment. It is announced, and the fighting which for days has been in the hands of the infantry, has developed into a heavy artillery action. The howitzers took up their cannonade at an early hour, following a violent night battle in which the British regained the greater part of the trenches between Thiepval and Peronne lost in the German counter-offensive of Monday. Not only was practically all the lost ground recovered, but General Haig's troops succeeded in one place in pressing ahead as far as the Monquet farm, well behind the main front of attack, and capturing some prisoners.

The English are engaged in a comprehensive regrouping of their forces in Picardy in preparation for the new attack. The veteran Canadian forces, four divisions strong, have been brought from Ypres to the Somme front, where they have taken their place beside the Australian, New Zealanders, Indians, Irish and territorials, who, so far, have borne the brunt of the fighting.

The visit of King George to the trenches has cheered and quickened the spirits of the men, who are anxious to again assume the offensive in strength.

Describing the situation on the front, the report from British headquarters in France says:

"There have been the usual artillery bombardments at various places on the British front. The situation is unchanged and there are no important incidents to report."

A semi-official explanation is received from Paris of the comparative slowness of operations on the western front as compared with those of the Russians in the east. It was pointed out in this document that conditions in the two areas are entirely different, both as to ground and political considerations. The German front in France and Belgium, it is shown, is infinitely stronger fortified than that which the Russians are facing, while in the west also the entente armies, by nature of the Tonic positions, are prohibited from employing their wings.

Russians, according to the Petrograd war office, have taken Jablonitz, one of the most important gateways through the Carpathians to the Hungarian plains, and have captured nearly 1,500 additional prisoners.

According to the Petrograd statement the Russian troops are continuing to cross the Zlota Lipa under enemy fire, which at many points hampers the construction of bridges. Heavy artillery and machine gun fire is being directed at the Russian works in this sector the Russians claim to have taken 412 men.

The advance guard of the Italian troops moving southeast from Gorizia is within thirteen miles of Trieste, according to a telegram from Innsbruck, Switzerland. This same report says that the Austrian fleet stationed at this important Austrian port has left for an unknown destination.

The Italian war office says that the Austrians have suffered further reverses on the Carso plateau and to the east of Gorizia. Counter attacks by the Austrians have been unsuccessful, according to Rome.

EXPLODES IN ROUNDHOUSE

Menon Switch Engine at Bedford Sends Steam Dome Through Roof.

Bedford, Ind., Aug. 16.—A boiler of a Menon switch engine standing in the roundhouse here, after having been used in the yards all day, exploded and blew the steam dome and whistle through the roof.

The heavy steam dome tore a big hole in the roof and fell back through the roof at another place, being buried in the cinders of the floor. The engine carried only eighty pounds of steam, or the explosion might have been more serious.

ENGLAND EXPLAINS MAIL EXAMINATION

Sends Preliminary Statement to United States.

Washington, Aug. 16.—An explanatory statement of how Great Britain's examination of mails is being conducted was presented to Secretary Lansing by the British embassy. It is preparatory to the more comprehensive reply to American representations now being prepared jointly by the London and Paris foreign offices.

Figures given in the statement show the average time for examination of intercepted mail is from one to three days. The minimum delay to mail between the United States and Holland is given at two days and the maximum at seven.

"It is admitted," says the statement, "that at the outset, neutral correspondence in which enemy interests were in no way concerned was subjected to a delay which is greatly regretted and which has since been reduced to a minimum. It must not be imagined that the mails were removed from the neutral ships for examination without careful consideration of the arrangements which would be required to deal with them as quickly as possible. All preparations which seemed necessary were with this object, but, unfortunately, those responsible for them were not aware of some of the difficulties which would be encountered."

"The delay of shipping documents carried by the same ship as the cargo to which they refer can be, and has been in some cases, avoided by the simple expedient of including such documents in specially marked bags."

The statement concludes by showing why the dispatch of intercepted mails is best facilitated by examination in London and not at points nearer the seizure, as has been suggested.

TO NOTIFY WILSON SEPT. 2

Ceremony Will Take Place at Long Branch, N. J.

Washington, Aug. 16.—Formal notification to President Wilson of his nomination will take place Sept. 2. That day was definitely selected when arrangements were made for the president to go to Long Branch, N. J., for the ceremony. The president has already completed his speech of acceptance. The notification speech will be made by Senator James.

The president probably will remain at Long Branch until he leaves for Hodgenville, Ky., to speak Sept. 4 at the Lincoln ceremony.

President Wilson conferred with the Democratic campaign committee at luncheon. He will see the associate committee of Progressives later.

Embargo on Print Paper Proposed.

RAILROAD MEN ARE SATISFIED

Deadlock Is Believed Only Temporary.

WILL BE MORE CONFERENCES

President Wilson Is Very Firm in His Stand For Basic Principle of an Eight-Hour Day—Managers Likely to Yield.

Washington, Aug. 16.—The leaders of the four brotherhoods are in complete control of the national railway strike negotiations. They are sitting tight like clever poker players. They hold the winning hand. All they wait for is to give President Wilson time to bring the railway managers around to his and the union's way of viewing the contentions.

The union leaders declare they are "completely satisfied." But the railway managers are holding out on their position with tenacity. They seem to fear to yield to the president's demands. In fact, the situation is a deadlock even if only temporarily.

The managers will see the president again today, followed by a visit from the union leaders.

This indicates that President Wilson wishes plenty of time to use his persuasions upon the managers. They are holding another secret session at the New Willard hotel.

It is said the president is standing very firm in his proposition for the basic principle of an eight-hour day. Labor leaders flatly deny they have acceded to any arbitration, even on the point of time and a half for overtime.

It was learned from an authoritative source that if the railway representatives here do not consent to the president's requests, the president will come to Washington. For President Wilson is said to be determined to prevent a strike at all costs. It was even said that if the railway presidents refused to accede to his mediatory overtures, the great financial magnates, such as Kuhn, Loeb & Co., J. P. Morgan and the National City bank would be then pressed to prevent the strike. Officials are certain the great interests are fearful of the consequences of a strike.

The managers, it was stated, told the president they would be willing to accept or arbitrate the question of an eight-hour day. But they desired that the details of the operation of the eight-hour day and extra compensation should be determined by the interstate commerce commission. It was said when the president submitted this suggestion to the employees they declined to accept it. A statement given out by the president's secretary, Joseph P. Tumulty, read:

"There is no change. There is an earnest effort being made to work out a settlement."

The confident attitude of the labor delegates is best expressed by the views of one who knows their inmost thoughts. He said in the deep secrecy which characterizes their few expressions:

"We could not be more satisfied. There will be no arbitration on any single point. I am sure we will be able to close the negotiations here. As far as we are concerned, there is no necessity for us to return to New York to confer with any one. We have studied this subject for years. The men here absolutely represent the brotherhoods. We will either settle or fight. Personally, I think there will be a settlement. The president has shown the greatest interest in our affairs and has afforded us the greatest courtesy. We will give him ample opportunity to do all he can in the way of effecting a settlement with the managers. We are not worried. In fact, we are only waiting the outcome."

HOUSE ACCEPTS BOOST TO NAVY

Measure Goes Through By Vote of 283 to 51.

SOME SECTIONS REJECTED

Disagreement to Several Senate Amendments Will Again Be Referred to Conference—Secretary Daniels Issues Statement.

Washington, Aug. 16.—Congress virtually completed the national defense program by finally approving the great increase in naval construction and personnel, written into the naval bill and urgently supported by the administration.

The house accepted the building program, to which its conferees on the measure had refused to agree, by a vote of 283 to 51, with seven of the members present not voting. The personnel increases on which there also was a disagreement in conference, were approved without a record vote. The personnel and construction sections, which already have the approval of the senate, authorize an increase in enlisted men to 74,700 and the building of 157 war vessels within the next three years, with four battle cruisers and four battleships included among the ships for 1917. Previously the house had refused to adopt a continuing building program, had authorized only five capital ships, all of them battle cruisers, and had provided for a personnel of only 65,000.

On several less important sections, including appropriations for improvement of navy yards, the house insisted on its disagreement to senate increases and voted to send the bill back to conference for settlement of these points. An early agreement is expected, however, and the measure may be sent to the president for his signature within a week.

Secretary Daniels issued a statement pointing out that the building authorizations in the bill were the greatest ever passed in any country and would give the United States, in the opinion of naval authorities, the second largest navy in the world.

The vote by which the house accepted the senate increase in the building program was nonpartisan, the majority of both Democrats and Republicans voting in the affirmative. Of the fifty-one members who voted in the negative there were thirty-five Democrats, fifteen Republicans and one Socialist.

Senate amendments to which the house disagreed and which will be referred again to conference included these appropriations: \$5,000,000 for equipment of the Puget Sound, Philadelphia, Norfolk, Boston, Portsmouth, Charleston and New Orleans navy yards for construction of warships, with immediate equipment of the Puget Sound, Philadelphia, Boston and Norfolk yards to build capital ships; \$1,250,000 additional for improvements at the Charleston navy yard, including a drydock to cost \$1,085,000; \$400,000 to enlarge facilities of the Portsmouth navy yard; \$100,000 for a new wharf at the New Orleans navy yard, and \$500,000 for investigation of submarine and aviation bases, and plans for defense of harbors and canals.

SOME SECTIONS REJECTED

Disagreement to Several Senate Amendments Will Again Be Referred to Conference—Secretary Daniels Issues Statement.

Washington, Aug. 16.—Congress virtually completed the national defense program by finally approving the great increases in naval construction and personnel, written into the naval bill and urgently supported by the administration.

The house accepted the building program, to which its conferees on the measure had refused to agree, by a vote of 283 to 51, with seven of the members present not voting. The personnel increases on which there also was a disagreement in conference, were approved without a record vote.

The personnel and construction sections, which already have the approval of the senate, authorize an increase in enlisted men to 74,700 and the building of 157 war vessels within the next three years, with four battle cruisers and four battleships included among the ships for 1917. Previously the house had refused to adopt a continuing building program, had authorized only five capital ships, all of them battle cruisers, and had provided for a personnel of only 65,000.

On several less important sections, including appropriations for improvement of navy yards, the house insisted on its disagreement to senate increases and voted to send the bill back to conference for settlement of these points. An early agreement is expected, however, and the measure may be sent to the president for his signature within a week.

Secretary Daniels issued a statement pointing out that the building authorizations in the bill were the greatest ever passed in any country and would give the United States, in the opinion of naval authorities, the second largest navy in the world.

The vote by which the house accepted the senate increase in the building program was nonpartisan, the majority of both Democrats and Republicans voting in the affirmative. Of the fifty-one members who voted in the negative there were thirty-five Democrats, fifteen Republicans and one Socialist.

Senate amendments to which the house disagreed and which will be referred again to conference included these appropriations: \$5,000,000 for equipment of the Puget Sound, Philadelphia, Norfolk, Boston, Portsmouth, Charleston and New Orleans navy yards for construction of warships, with immediate equipment of the Puget Sound, Philadelphia, Boston and Norfolk yards to build capital ships; \$1,250,000 additional for improvements at the Charleston navy yard, including a drydock to cost \$1,085,000; \$400,000 to enlarge facilities of the Portsmouth navy yard; \$100,000 for a new wharf at the New Orleans navy yard; and \$500,000 for investigation of submarine and aviation bases, and plans for defense of harbors and canals.

DOINGS OF JOHNSON COUNTY PEOPLE.

News From Paintsville and the Surrounding Country.

Visits Paintsville After 50 Years.

Uncle Daniel Wheeler and son Winfred of Blaine, Lawrence county, were in town on business this week. This is uncle Daniel's first trip here since the Civil War, which has been more than 50 years ago. He was at that time a soldier and camped here, but that having been so long ago, it was difficult for him to recognize things as they appeared to him then.—Post.

Lumber Company.

The Conley-Storff Lumber Company has been doing business at Danville for some time have moved their mill to the depot at Paintsville and added some new buildings.

Mrs. Burns Blair Dead.

Mrs. Burns Blair died at her home in West Van Lear Tuesday night Aug. 1st, after two weeks sickness with typhoid fever. She was taken sick suddenly and her death was a surprise to her many friends and relatives. Three doctors and a trained nurse were employed at once and everything was done for her that could be done by human hands. In her death the community has lost a good woman, the husband a good wife and the little son, aged 3, a devoted mother.

Tour New England States.

Mrs. J. C. Mayo, and son John and daughter Margaret and little Miss Ester Preston, daughter of Postmaster C. M. Preston left in the Mayo car this week for Portsmouth, O. where they will be joined by Dr. Peter of Portsmouth and from there they will go on to Columbus Ohio where Mr. and Mrs. Rathbun will join the party. In the party is also Mrs. Carl Koss of Huntington. This auto party will go to Buffalo, Niagara Falls and from there will tour the Eastern States in their machines, not returning until the middle of September.

Circuit Court in Session.

A special term of the Johnson Circuit Court is now in session with Judge James Adams, of Breathitt county, presiding. This special term was called for the purpose of trying a number of cases in which Judge J. F. Bailey was interested. It is thought it will require two weeks to complete the docket.

Grand Master of Masons.

T. J. Adams, Grand Master of the Kentucky Masons and Superintendent of the children and Widows Home of the same lodge of Louisville visited Paintsville lodge last Thursday evening and was met by a large number of Paintsville and visiting Masons. He was given a grand reception.

Engagement Announced.

The engagement of Miss Eloise Clarke and Mr. Carl Moulton both of Ironton, was announced at a handsome dinner given by her sister, Mrs. Hallam McGugin, also of Ironton, Tuesday evening at the home of Mrs. Ella Clark. The wedding will occur September 6th. They resided in Paintsville years ago where they were in the millinery business.

Mr. Mayo at Home This Week.

Mrs. Mayo and her little daughter Margaret, arrived home this week after a visit to Olympia Springs and other Kentucky towns for the past month. Margaret has been in bad health but she is now some improved.

Mrs. Sam Sturgill, of Lawrence county, attended the burial of his sister, Mrs. Burns Blair, on Barnetts Creek and visited relatives at Staffordville.

Buckingham on Visit.

Mrs. John E. Buckingham and children, Venus, Winifred and Martha Alice left Wednesday of this week for Portsmouth Ohio where they will visit a few days. Their automobile was sent thru the country and they will go from Portsmouth to Cleveland in their car and will be met there by Mr. Buckingham who has been on his vacation in Canada, hunting and fishing. From Cleveland they will visit Niagara Falls, Toronto, Canada, and other places for three weeks.

Mrs. M. C. Kirk who has been sick for the past few months has improved somewhat during the past week which will be good news to her many friends.

Judge Finley E. Fogg, who is in the Jenkins hospital improving in health. Eld. and Mrs. E. J. Harris will leave this week for Fayette county, Indiana, where they go to attend the 107th annual session of the White Water Primitive Baptist Association.

Will Atkinson was here Saturday. Mr. Atkinson holds a responsible position in Louisville and his many friends in Paintsville and surrounding territory are glad to know that he is doing well.

Miss Cora Blair, daughter of Mr. and Mrs. F. P. Blair, was married recently to Mr. German Wells at the home of the bride.

Mr. Wells is a son of Mr. William A. Wells, deceased, formerly of Boone's Camp, this county. He is a young man of good habits and splendid business ability.

Mrs. Wells is charming, well educated and has held the position of deputy Circuit Court Clerk for nearly seven years beginning under her father F. P. Blair when he took the office in January 1910, and continued under the present clerk, Don C. Vanhousen after he took charge in 1916.

Immediately after their marriage, they went to Jenkins, Ky. to live. Mr. Wells has already prepared and furnished their home before their marriage.

Mrs. James Chapman, of Catlettsburg, passed thru here enroute to Daviessville, where she will spend a few weeks the guest of relatives. Mr. and Mrs. Frank Preston and children, of Huntington, are here the guests of Mr. Preston's parents, Captain and Mrs. J. D. Preston.

LETCHER COUNTY AND WHITESBURG.

What is Happening in this Rich Coal Territory of Kentucky.

Strong effort is being made here to begin at once the work to stamp out ignorance, to stamp out illiteracy by the establishment of moonlight schools in the neglected rural communities. Committees are being named in Letcher County, Leslie, Harlan and Knott and the work is being started soon after the first of September. Parents in some of the rural sections deny their children any advantages and as a result they grow up in ignorance. Such communities will be especially investigated and the work started. It is believed that real good will result.

The regular August term of the Letcher Circuit Court convened her Monday with Judge John F. Butler presiding. Judge Butler's instructions to the grand jury were both pointed and forceful. He urged a thorough investigation into things in Letcher county so far as the traffic of whiskey and beer is concerned.

The grand jury will get down to work at once. Judge Butler immediately entered upon the work of trying the nearly 200 bootlegging and whiskey traffic cases and in every case the extreme penalty will be meted out. The jail is now rapidly filling up.

During the past month the county officials started an investigation and as a result a large number of arrests have been made. Hundreds of witnesses will be brought from all sections of the county and interrogated.

At Line Fork in this county last week Stephen Caudill was drowned in the swollen stream. Caudill and his brother were riding a mule along side the raging stream when the animal became unmanageable throwing them into the creek. Stephen Caudill was washed down the raging stream and was drowned. His brother was rescued just as he was sinking for the last time. Stephen Caudill was a soldier boy and was at home on a visit—a furlough. The affair is deeply regretted.

It is said here today that the grand jury will probe thoroughly the brutal murder of Miss Lela Blanton which occurred near Neon in the coal fields April 29th. It is said that Miss Blanton and a party of friends were motoring towards Fleming on the night of the murder when the machine in which they were riding was suddenly halted. Miss Blanton was shot and a man was seen to disappear into the darkness. Suspicion pointed to James Thompson, an electrician of Middleboro and has arrest was immediately made. This was one of the worst murders that ever occurred in the county.

Miss Blanton's home was in Magnolia county.

A little child of Edward Polley, of Bottomfork creek, was bitten a few days ago by a copper head snake. The child was thrown into convulsions and for a long time its life was despaired of. At this time, however, the child has chances to recover.

Much street work is now going on in Whitesburg, especially in East End where concrete walks are being laid. Every property owner in that growing section has agreed to share equally the expense. Following this work Main street will be repaired from end to end. It is hoped that the work will be completed ere the advent of bad weather.

Disastrous rain storms swept sections around Mayking, Sergeant and Colly on Thursday doing great damage to corn crops. Numerous slips and slides came from the hillsides. Slides along North Fork caused delays in train service of from 5 to 7 hours. Other extensive damage was done all along the L. & N. A number of houses were submerged in the lowlands. This year will go down in history as one of the worst storm periods in many years.

Marshall John M. Riddle of this city made an investigation into the headwaters of Rockcastle creek where he arrested two bootleggers. The men were brought here for a preliminary hearing before U. S. Commissioner Samuel Collins.

Marshall S. C. Ford, of Middleboro, has just made an inspection trip thru the most of Eastern Kentucky to see the condition as to moonshining and bootlegging. He expressed himself as well pleased with the work of his officials.

GRIFFITH CREEK

One of the worst storms that has occurred in many years, if ever equaled here, visited this section last Saturday doing considerable damage to all kinds of crops and washing away much fence. The fine work done by the county on our roads suffered greatly. The fill across Needmore branch, which was under construction was washed almost completely out. At points where tile and water boxes were put in low places, where quagmires were in winter, the heavy torrents were too large for the pipe and the fills, which were still soft and loose, were badly washed.

Born, to Mr. and Mrs. Andy Crippie, a ten pound girl.

Mrs. Dorcia Stewart, of Kenova, is visiting relatives here.

Dr. Fred D. Marchin is leaving for Ceredo, W. Va. He leaves a good practice and a host of friends who wish him all the good that fortune can bestow. In his W.
